This Admissions Policy will be reviewed periodically (at least annually) by our Quality Assurance and Enhancement Committee. Any amendments require the approval of our Academic Committee.

1. Introduction

At Bloomsbury Institute, we are proud to provide access to the most diverse group of students in the sector. We attract learners that have the potential, attitude and aspiration to succeed. We welcome and support everyone who has these qualities, as set out within our [Strategic Framework](#).

This Admissions Policy applies to all applicants who are seeking admission to Bloomsbury Institute to study a Glyndŵr University degree. It provides information on the principles and procedures of admissions, as well as outlining the responsibilities of those involved in the admissions process.

2. Context

There has been growing public scrutiny of admissions in higher education. Recent calls for change have centred on a variety of issues, including information available to prospective students, unfair offer-making practices ('conditional unconditional' offers) and a potential shift to post-qualification admissions (PQA).

Bloomsbury Institute's Admissions Policy supports the Vision and Mission of our Institute, with a focus on those with the 'potential to succeed':

Our vision is:

- To offer students from all backgrounds the opportunity to define and pursue success through education

Our mission is to:

- Grow a diverse and dynamic academic community that values curiosity, creativity and critical thinking
- Nurture a culture that rewards kindness, excellence and accountability to each other, our communities and the world
- Inspire and support our students and staff to achieve their full potential and make valuable contributions to society

We are committed to providing a fair, effective and professional admissions service which is consistent with good practice as defined in the Quality Assurance Agency's (QAA) UK Quality Code for Higher Education - Admissions, Recruitment and Widening Access¹. The UK Quality Code's Expectations for Quality provide that:

From admission through to completion, all students are provided with the support that they need to succeed in and benefit from higher education.

The UK Quality Code's Core Practices further provide that:

The provider has a reliable, fair and inclusive admissions system.

We admit students onto our courses in accordance with this Policy and in full compliance with the Equality Act 2010 and our own [Equality, Diversity and Inclusion Policy](#)².

Our [Access and Participation Plan 2020-21 to 2024-25](#)³ confirms our commitment to the admission of under-represented and disadvantaged applicants.

3. Roles and responsibilities

3.1 Our staff

We have explicitly separated the function of student recruitment from the making and administration of offers to applicants.

We have separated the Student Recruitment team into:

- Team 1: UK, Irish and international applicants who do not require a student visa
- Team 2: International applicants who require a student visa

We have likewise separated the Admissions Department into:

- Team 1: UK, Irish and international applicants who do not require a student visa
- Team 2: International applicants who require a student visa

Staff within our Student Recruitment team are responsible for generating applications and organising activities to convert the offers made by our Admissions Department into acceptances. These conversion activities include email campaigns, open days, offer holder days and taster days. Enquirers are allocated a named member of staff from within the Student Recruitment team before an application to study is submitted.

Once an application is received, the application is processed within our Admissions Department (based within our Registry Division). The Admissions Department, with academic input as required, makes the decision about whether a conditional or unconditional offer is made and the terms of such offer. The Student Recruitment team plays no role in the decision about whether an offer is made. As stated above, if an offer is made, staff within the Student Recruitment team are responsible for organising activities to convert offers into acceptances. Once an applicant accepts an offer, our Admissions Department becomes the applicant's point of contact until the applicant formally enrolls onto the course. Our Admissions Department is responsible for tracking all conditional offer holders and confirming when an applicant can be made an unconditional offer.

Staff within our Academic Division are involved in the admissions process as explained within this Admissions Policy.

It is mandatory for all staff involved in the recruitment and admission of students to undertake appropriate training. This includes, but is not limited to, UK General Data Protection Regulation (UK-GDPR) training, disability awareness training, Unconscious Bias training and ACAS training on Equality and Diversity.

3.2 Student recruitment agents

We engage in relationships with selected student recruitment agents worldwide. There are stringent due diligence procedures in place before we enter into a contract with an agent.

Such agencies help applicants by providing information, advice and guidance on finding an appropriate provider and course and may offer additional assistance to applicants.

Agents may assist us in the submission and processing of applications and we therefore would make a payment to any agents for this service.

If an applicant or student wishes to know more details about the exact amount of this payment, they may consult the Finance Department: financequeries@bil.ac.uk

Any agent that we engage with will **not** have any input into the decision for making an offer. The decision of whether or not an applicant is made an offer remains solely with Bloomsbury Institute.

4. Information for applicants

We provide comprehensive information to enable applicants to make an informed choice about which is the most suitable course for them. We provide promotional material in both hard copy and electronic copy. Our Head of Communications ensures that, in accordance with our [Information Control Procedures](#)⁴, all our promotional materials are accurate, relevant, current and accessible; and our Head of Quality and Compliance ensures that we are compliant with relevant legislative and regulatory provisions (e.g. consumer protection including guidance issued by the Competition and Markets Authority; data protection; equality law; the OfS's regulatory framework and the Prevent duty).

We hold regular open days and ad hoc visit days for applicants. These provide applicants with the opportunity to visit our campus, learn about our facilities and speak to staff and students about our courses. Further information can be obtained from our Student Recruitment team:

Guidance on how to make an application is found in **Section 6.3** below.

⁵ Our Safeguarding Policy can be accessed at: <https://www.bil.ac.uk/qem/policies/>

For applicants who apply through our online application system, all correspondence will be sent to the applicant through our online Self Service Centre and by email. For applicants who apply through UCAS, all correspondence will be sent to the applicant through UCAS Track and by email. If these methods of communication are not suitable for the applicant, our Admissions Department can provide an alternative method:

- UK, Irish and international applicants who do not require a student visa

Email: admissions@bil.ac.uk

Telephone: 020 7078 8790 [International: +44 20 7078 8790].

- International applicants who require a student visa

Email: international-admissions@bil.ac.uk

Telephone: 020 7078 8843 [International: +44 20 7078 8843]

The first assessment of the application will determine whether the applicant has met the entry requirements for the course and can therefore be dealt with as a Standard Applicant in accordance with **Section 5.1** above.

If an applicant does not meet these entry requirements, the second assessment will determine whether the applicant can be dealt with as a Non-Standard Applicant in accordance with **Section 5.2** above.

Undergraduate applications that are received through UCAS 'on time' (in accordance with UCAS application cycle deadlines) are guaranteed equal consideration.

6.1 Accreditation of Prior Learning

Subject to course availability, we accept applications for admission with academic credit based either on prior certificated learning or prior experiential learning (APCL/APEL). We are required to comply with the Glyndŵr University's procedures. Any applicant seeking admission with academic credit will be provided with details of the current procedures at the time of their application. Applications are sent to Glyndŵr University for a final decision.

Guidance on the current procedures for admission with academic credit can be obtained from our Admissions Department:

- UK, Irish and international applicants who do not require a student visa

Email: admissions@bil.ac.uk

Telephone: 020 7078 8790 [International: +44 20 7078 8790].

- International applicants who require a student visa

Email: international-admissions@bil.ac.uk

Telephone: 020 7078 8843 [International: +44 20 7078 8843]

6.2 Equality, diversity and inclusion

We are committed to admissions practices which positively promote equality, diversity, inclusion and fairness. We do not discriminate directly or indirectly against an applicant. In exercising our decision-making powers, we are not influenced by an applicant's characteristics such as age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, sex, and sexual orientation.

We have a responsibility to ensure that those with a disability, specific learning difficulty or long-term health condition are not prevented from benefitting from educational opportunities. We welcome applications from applicants with a disability, specific learning difficulty or long-term health condition. Applicants are encouraged to disclose a disability, specific learning difficulty or long-term health condition at the application stage to enable us to make any necessary 'reasonable adjustments' prior to the applicant starting the course. We are committed to going beyond a strict legal application of the 'reasonable adjustments' test.

An applicant with a disability, specific learning difficulty or long-term health condition is protected by the Equality Act 2010. Disclosing a disability, specific learning difficulty or long-term health condition does not impact on the **academic** decision about whether to make the applicant an offer. Applications are judged on their academic merits and an applicant's potential ability to meet the requirements for the course. A disability, specific learning difficulty or long-term health condition will therefore not affect any decision made on academic grounds.

If an applicant has disclosed a disability, specific learning difficulty or long-term health condition, and if an offer is made based on academic merit, details will be forwarded to our Disability Office who will contact the applicant in order to discuss the support we can provide. In very rare situations there may be elements of the course that cannot be delivered even with reasonable adjustments. In these situations, our Disability Office will discuss the options with the applicant. Applicants are welcome to contact our Disability Office to discuss the support we can provide prior to making an application.

The Disability Office can be contacted by emailing disability@bil.ac.uk or telephoning 020 7078 8840 [International: +44 20 7078 8840].

6.3 Making an application

Applications for a course should be made either through UCAS, or direct through our online application system.

Applications that are made direct through our online application system will be considered for a conditional offer once we receive a fully completed online application form.

An unconditional offer will be made once all entry requirements have been satisfied (see **Section 5** above). The following documentation is also required before an unconditional offer can be made:

- Evidence of qualifications (e.g. qualification certificates and transcripts) and/or prior experience. When applying through our direct online application system, the applicant will be required to upload this evidence to our online Self Service Centre,
- One reference from a person who can comment on the applicant's suitability to be admitted onto the course (e.g. an academic or an employer). When applying through our direct online application system, the applicant will be required to provide details of their referee. We will email the applicant's referee to request a reference.
- International applicants who require a student visa will also be required to provide a personal statement. When applying through our direct online application system, the applicant will be required to upload the personal statement to our online Self Service Centre.

7. Offer and acceptance

We will apply the entry requirements set out in **Section 5** above to decide whether or not to make an offer. The offer may be conditional or unconditional.

7.1 Conditional offer

A conditional offer will be made once we determine that an applicant satisfies or may satisfy the entry requirements (see **Section 5** above). If a conditional offer is made, the conditions will be clearly set out.

7.2 Unconditional offer

An unconditional offer will be made if an applicant has satisfied all the entry requirements (see **Section 5** above) and provided the documents set out in **Section 6** above at the time the offer is made.

7.3 Accepting an offer

An applicant who has applied through UCAS for one of our courses and who has been made a conditional or unconditional offer of a place can accept the offer through UCAS Track. An applicant who has applied directly through our online application system can accept an offer through our online Self Service Centre.

If an applicant accepts a conditional offer, the applicant's place is only confirmed once an unconditional offer has been made and accepted. If the conditions are not met by any deadline which is set out in the applicant's conditional offer, the conditional offer (and any acceptance) will be automatically withdrawn.

7.4 False, inaccurate or misleading information

Applicants are required to confirm that all information provided on our online application form or the UCAS application form is true, complete and accurate and that none of the information requested or other material information has been omitted. An omission will include a failure to disclose courses and qualifications that have been taken but not completed. If an applicant supplies any false, inaccurate or misleading information, we reserve the right to: (i) cancel an application; (ii) withdraw any offer of a place; or (iii) withdraw the applicant from the course if the applicant has started the course.

For information relating to any applicable tuition fee charges and refunds, see our current **Terms and Conditions** (**Section 7.5** below).

7.5 Terms and Conditions

An applicant who accepts an offer of a place on one of our courses is required to agree to our current [Terms and Conditions](#)⁶.

Current and prospective students enrol on one of our courses and, subject to our Terms and Conditions, should be able to complete the course as advertised. In other words, throughout the duration of their course, there should be no interruption to their "continuation of study". Section 2 of our Student Protection Plan sets out the potential risks that could, if they occur, interrupt the continuation of study of current and/or prospective students and explains how we mitigate against such risks occurring.

Our [Student Protection Plan](#) is available on our website⁷.

Both documents can be obtained from our Admissions Department in hard copy:

7.6 Deferral

If an applicant has accepted the offer of a place on one of our courses, the applicant can request a deferral for a maximum period of 12 months. This 12-month period starts from the date of the original advertised start date for the course, as per the original offer. The applicant will be liable to pay the tuition fees which apply at the date the applicant actually starts the course.

A request to make a deferral should be made in writing:

- UK, Irish and international applicants who do not require a student visa

Email: admissions@bil.ac.uk

- International applicants who require a student visa

Email: international-admissions@bil.ac.uk

If an applicant defers their place, this deferral is subject to **Sections 7.7, 7.8 and 7.9** below.

Note: If a course is regulated by a Professional, Statutory or Regulatory Body (PSRB), we may withdraw a deferral after it has been approved if (i) any admissions criteria set by the PSRB are amended by the PSRB after the deferral has been approved; and (ii) the applicant does not satisfy these amended admissions criteria.

7.7 Withdrawal of a course

Any offer made to an applicant is subject to the recruitment of sufficient student numbers to make delivery of the course viable from an educational perspective. The general minimum number of students for all our courses is set at 12 but this can vary.

If this minimum number of students has not been recruited we have the right to withdraw a course (even after an applicant has accepted an offer and (if applicable) paid a Tuition Fee Deposit), provided the applicant is notified no later than three months prior to the course's published start date.

In these circumstances, we will refund all tuition fees paid. We will accept no responsibility for any other losses which an applicant might incur.

We will seek to make an applicant an offer for an alternative course.

7.8 Our right to change the awarding body and/or course content

Provided an applicant is notified no later than six months prior to the course's published start date, we are entitled to substitute an alternative awarding body for any of our courses, and, we are entitled to make changes to the published course content or structure. Applicants will be informed of any significant changes to the published course content or structure no later than six months prior to the course's published start date.

In these circumstances, the applicant will be entitled to cancel the contract within 14 calendar days of the date we inform the applicant of this change and we will refund all tuition fees paid. The applicant is required to make such cancellation in writing:

- UK, Irish and international applicants who do not require a student visa

Email: admissions@bil.ac.uk

- International applicants who require a student visa

Email: international-admissions@bil.ac.uk

8. Criminal convictions

In line with our commitment to equality, diversity and inclusion, we fully support the rehabilitation of offenders and are proud supporters of [Unlock](#).

We will not deny an applicant the opportunity to better their life through education on the grounds that the applicant has a criminal conviction.

Therefore, in the interest of social justice and in order not to deter an applicant with a criminal conviction from making an application, we do not require the disclosure of criminal convictions.

The decision about whether to make an applicant an offer of a place on one of our courses will therefore not be influenced by an applicant's criminal convictions.

It should be noted that once enrolled as a student, our [Student Disciplinary Policy and Procedures](#)⁸ provide a framework to deal with any cases of student misconduct. These Procedures incorporate the power to suspend or expel a student.

9. Confirmation of Acceptance for Studies (CAS)

We have been conferred Student sponsor status with a track record of compliance by the UK Home Office and can therefore issue our international applicants who require a student visa with a Confirmation of Acceptance for Studies (CAS). The CAS is issued by our Quality and Compliance Division.

There are other additional requirements for international applicants who require a student visa to study in the UK. These other additional requirements are in place to enable us to make a decision about issuing a Confirmation of Acceptance for Studies (CAS) which international applicants require before they can apply to the UK Home Office for a student visa. These additional requirements, which may be amended to ensure our full compliance with the UK Home Office requirements, include the following:

- A copy of the applicant's passport and details of all visits to the UK
- Proof of English Language competence for non-native English-speaking applicants:
 - All undergraduate degrees which incorporate a Level 0 Foundation Year – Academic IELTS score of 5.5 (with a minimum score of 5.5 in each skill) or equivalent
 - 3-year (with no Foundation Year), 2-year accelerated and Top-up undergraduate degrees – Academic IELTS score of 6.0 (with a minimum score of 5.5 in each skill) or equivalent
 - MBA/MSc – Academic IELTS score of 6.0 (with a minimum score of 5.5 in each skills)

⁸ Our Student Disciplinary Policy and Procedures can be accessed at: <https://www.bil.ac.uk/gem/policies/>

- To further assess an international applicant's English Language competence, we reserve the right to conduct an interview which may be held face-to-face, online, or by telephone
- For any qualifications that are not in English, certified transcripts in translation may be required (i.e. the transcript must be certified by a professional translator/body as being a true translated copy (in English) of the original transcript)
- Proof that the applicant has sufficient finances to cover course fees and living expenses (we require a copy of the applicant's most recent bank statements in accordance with UK Visas and Immigration (UKVI) requirements)

Upon enrolment, international students are required to provide us with proof of their UK address.
